

818 Swell: Semi Flush Light

Swell Semi Flush Light: Form No. 818 features a beautiful distorted band that travels across the glass globe. This light has a contemporary and handcrafted feel to it. The band is added by hand, and no two pieces are the same. The semi flush light works particularly well in a hallway or any area with low ceilings. This hourglass design works well in many different styles of decor including, traditional, transitional, beach style, or contemporary.
