

# 818 Swell: Table Lamp

Bicycle Glass Co.'s Swell 818 Table Lamp features a beautiful distorted band that travels across the glass shade. This light has a contemporary and handcrafted feel to it. The band is added by hand, and no two pieces are the same. The 818 hourglass shape displays a gentle contour that accentuates the lamp's sleek appearance. This design works well in many different styles of décor including, traditional, beach style, modern, eclectic and contemporary.
