

768 Lunar: Single Pendant Light

The 768 Lunar Single Pendant Light features a single seeded glass globe with impact. The bubbles are added by hand and add to the pieces' unique nature. It is reminiscent of the moon's surface and has an effervescent quality to it. This design works well in many different styles of décor including, traditional, transitional, beach style, or contemporary. The largest size of our 700 series, these pendants make a statement on their own or even in a group of pendants for a larger space.
