

147 Lunar: Single Pendant Light

Bicycle Glass Co.'s Lunar 147 Single Pendant Light features a seeded glass ellipse shape. The lunar style is reminiscent of the moon's surface and has an effervescent quality to it. The bubbles are added by hand making each piece unique. The 147 shape provides a softer edge while still emphasizing the height of a space. This design works well in many different styles of decor including, traditional, transitional, beach style, modern, or contemporary. This product includes a 4-watt dimmable LED bulb and pendant hardware fixture. California residents, click here for prop 65 information.

Product Sku X1-147LUN-PEN01
