

# 147 Lunar: 3 Pendant Cascade Chandelier

Bicycle Glass Co.'s The Lunar 147 Cascade Chandelier features three seeded glass ellipse shape shades. The lunar style is reminiscent of the moon's surface and has an effervescent quality to it. The bubbles are added by hand making each piece unique. The 147 shape provides a softer edge while still emphasizing the height of a space. This design works well in many different styles of decor including, traditional, transitional, beach style, modern, or contemporary. Each chandelier features three pendant lights in a cascading formation. These make elegant statement chandeliers for over a kitchen or dining room table. Each glass shade is hand made in Minnesota. All electrical components are UL or ETL listed and approved for use in both residential and commercial applications.
