

601 Spun: Single Pendant Light

The Spun series Form No. 601 features a single glass shade in this unique, lantern shape. The Spun series features a beautiful trail that travels across the glass globe. This light has a contemporary and handcrafted feel to it. The trail is added by hand, and no two pieces are the same. This design works well in many different styles of décor including, traditional, transitional, beach style, or contemporary, and is perfect as a single pendant for compact spaces or even better in a group of pendants.

Form No. 601 is the smallest in the 600 Series Collection.
