

603 Spun: Semi Flush Light

The Spun series Form No. 603 Semi Flush Light features a single spun glass shade in this classic, lantern shape. The Spun series features a beautiful trail that travels across the glass globe. This light has a contemporary and handcrafted feel to it. The trail is added by hand, and no two pieces are the same. This design works well in many different styles of décor including, traditional, transitional, beach style, or contemporary, and is perfect as a single pendant for most average size spaces or even better in a group of pendants. This piece is the largest of our 600 series.
