

# 301 Lucent: 2 Light Wall Vanity

The 301 Lucent: 2 Light Wall Vanity features two globes with a transparent finish that refracts and bends the light to create a unique staggered look. The shape is inspired by the Fresnel lens which is used in lighthouses around the world to help ships avoid treacherous coastlines. The 301 shape with its distinct ridges and curved bottom bowl provides a classic look to any space. This design works well in many different styles of decor including, classic, vintage, beach style, coastal, modern and contemporary.
