

515 Swell: Wall Sconce

The Swell Series Form No. 515 Wall Sconce features a single handblown glass cylinder. Our most popular design, the swell features a beautifully distorted band that undulates around each hand-blown glass shade in an endless wave of elegance. This design works well in many different styles of decor including, traditional, transitional, beach style, or contemporary, and is perfect as a single sconce or even better in a group of sconces. Form No. 515 is the largest currently offered in our 500 series, making a bold statement.
